

Owner or Owner's Representative Details:

Full Name _____ Address _____

Contact Number Today _____ Alternate Contact Number _____

Pet's Name: _____ **Dog/Cat/Other**

Age _____ Sex _____ Weight _____ Reason for Admission _____

Your pet is scheduled for a procedure that requires anaesthesia. No anaesthetic or surgical procedure is without risks. Our focus is on providing the very best care and safety for your pet while they are in our care. To achieve this, a Vet will perform a physical exam prior to the procedure and our Vets and highly trained Vet Nurses will be monitoring your pet.

Request for additional Procedures today

Please TICK if requested

Vaccination is recommended YEARLY to prevent against important diseases. If your pet is due, or overdue, for vaccination, we may be able to do the vaccination while in the hospital today.

If your dog is on Heartworm prevention, but may have missed a dose or perhaps never been on it, a Heartworm test may be required. We can do this test with less stress to your dog while under Anaesthetic.

Heartworm prevention can be given in a convenient YEARLY injection. We can do this with less stress while your dog is under anaesthetic today, if your pet is due, or is negative on a Heartworm test.

Vaccination <input type="checkbox"/>	Heartworm Test (Dog) <input type="checkbox"/>	Heartworm injectn <input type="checkbox"/>
Elizabethan Collar <input type="checkbox"/>	Microchip <input type="checkbox"/>	Flea/Worm Treat <input type="checkbox"/>

It is important to prevent your pet from chewing, licking or damaging any surgical wound. Repeat surgery is sometimes required if wound trauma occurs. An Elizabethan Collar is highly recommended to help prevent this from occurring. Approx \$ 10-25, size dependent

Microchipping of BOTH Dogs & Cats is now required by Law in WA. If your Pet does not have a Microchip already, we can insert one today while your Pet is under anaesthetic \$ 63

I, the undersigned, hereby authorise Forrestfield/High Wycombe Vet Hospital to provide treatment, including suitable anaesthetic and surgery to the animal described above. I am aware that no anaesthetic or surgical procedure is without risks, even in apparently healthy animals. I accept that unforeseen conditions may arise during the procedure & I authorise the Vet on duty to provide necessary treatment in such an event.
